

Secure Document Receptacle 70 and 100 Gallon

- Tough, durable, rotationally molded, high density polyethylene
- Molded-in paper slot helps prevent unauthorized entry.
- Equipped with a locking hasp for tamper-resistant padlock security
- Easily accessible loading height
- Domed top and sloping overlapped edges help prohibit unauthorized access.
- Smooth seamless, watertight tub - no interior bolt holes
- Molded-in mounting brackets designed to provide strong, stable, efficient wheel attachment
- Rugged, industrial quality, non-marking wheels

Rotonics' secure, lockable Document Receptacle protects your confidential documents prior to shredding or destruction for safe disposal.
